

**TITLE:** FABRIC ADVISORY COMMITTEE  
**DATE OF MEETING:** 7<sup>th</sup> July 2020  
**AGENDA ITEM:** n/a  
**PAPER FROM:** Alexander McCallion

**Brief Summary of Agenda Item:**

During the erection of scaffold on window S5 major cracks were noticed at various points in the window. There was evidence of movement through joints and how historic pointing repairs had failed. Whilst there were no signs of recent failures it was decided to pause work to allow further investigation. To ensure no momentum to the 20 year plan is lost, work will be diverted to the South Nave Aisle, specifically Window s34. Whilst we have a standing consent from CFCE for our 20 Year Plan, specific detail of the proposed works is enclosed for FAC's consideration and approval.

More information can be found in the report attached prepared by York Glaziers Trust.

FAC are asked to:

Approve: The application for works to s34.
