## ***Climate Emergency***

In February 2020, General Synod called upon all parts of the Church of England to work to achieve year-on-year reductions in carbon emissions and urgently examine what would be required to reach net zero targets by 2030. Through our Neighbourhood Plan, the Chapter of York have set a very clear direction of change to take a lead on addressing the climate crisis through the use of appropriate adaptation of our heritage estate and a drive to increase biodiversity across our precinct. The current planning application for the new York Minster Refectory includes the first solar panels in the precinct and seeks to set the high standard required for listed properties to play a role in addressing this crisis. The greatest threat to the fabric of York Minster today are extreme weather events brought about by climate change. In 2019, City of York Council declared a climate emergency and today, as the Metropolitan Cathedral of the North, we officially recognise that emergency and the urgent need to take coordinated action towards the Net Zero target with our community, the city and national bodies.

### ***Minster Community Committee – September Meeting***

The Committee heard updates on a number of areas of life around the Minster as we begin to emerge from the pandemic at its September meeting & discussed them. The Generous Giving programme had of necessity been approached rather differently this year, reported Sammi Tooze, but had been a success and gave us a good template for the years ahead. At Deanery Synod our representatives had been part of a discussion on 'becoming more like Christ' & living Christ's story led by Bishop John Thomson, as well as talking about the wider responsibilities likely to fall on lay leaders as income fell. Canon Michael is planning to relaunch the Pastoral Network in the spring and is looking for a new lay facilitator to work with him to lead it, with new volunteers to act as pastoral links in the network also welcome. He also mentioned that the Minster is preparing to host a Living in Love and Faith discussion group. Our Succentor, Catriona, reported on the first Saturday service for young people, which it's hoped will be repeated at regular points throughout the year. The Committee's next meeting is on Wednesday October 13. If you wish to know more please get in touch with Canon Michael or with me, as the Co-Chairs. Ben Fuller

## *She Was Walking Home*

### ***a call to support a community safety project for women in York!***

A message from Next Door But One CIC:

"Over the early months of 2021, along with the wider community, many of our female creatives and participants have shared & discussed their feelings of safety and experiences of fear & harassment when walking through the city of York alone.

And like many, it has been met with 'what can I do to help?'

Now with ward funding through City of York Council (Guildhall Ward) we are embarking on an audio walk project which will give voice to those stories, emotions and calls for support.

Soon to be accessed through QR codes displayed in buildings, windows and toilets across York city centre, we have produced 4 short audio dramas, created from the real life testimonies of women living, working and studying in York. Not only do these recordings reflect real stories, but give advice on how to be an ally and what support could be put in place in the future, from those who have experienced harassment and abuse first hand. We all have a part to play. A taster of the audio dramas can be found [HERE](#)
