## **Community Notices**

### ***Dean Jonathan announced as the 10<sup>th</sup> Bishop of Portsmouth***

Her Majesty the Queen has approved the nomination of Dean Jonathan as the next Bishop of Portsmouth. +Jonathan writes: "In late May 2021, I was entirely surprised when the Crown Nominations Commission called for my papers. More out of obedience than in expectation, I submitted them in June. I was subsequently invited to enter an extensive discernment process before being nominated to Her Majesty the Queen.

Vocation or calling is, as they say, 'a funny old thing': the call to York, and the later call to Portsmouth, arrived as unexpected joys, accompanied and intermixed with sadness. For Christine and I love being in the Minster community with you all and it is difficult to contemplate leaving so many dear friends. Please keep the Frosts in your prayers as we negotiate the transitions ahead. We will be praying for you.

What about timings? At the time of writing, details are yet to crystallise but it is my intention to begin ministry in the Diocese of Portsmouth in the New Year, perhaps in Lent, although a date for installation at Portsmouth Cathedral has yet to be confirmed. We'll keep you posted when dates clarify."

Christine and +Jonathan: be assured of our warmest wishes and prayers from all at York Minster.

### ***Service of Remembrance in Baby Loss Awareness Week***

York Minster has a long association with the Lullaby Trust, a charity which raises awareness of sudden infant death syndrome (SIDS), provides expert advice on safer sleep for babies and offers emotional support for bereaved families. This year we are holding a service with the Trust, to mark Baby Loss Awareness Week. This service gives space to those who grieve the loss of a baby to come together and remember. The service is at 5.30 pm on Monday 11 October. If you would like more information on Lullaby Trust you can find it here <https://www.lullabytrust.org.uk/>

### ***Gospels@TeaTime***

Wednesday 13 October at 4.00 pm we will reflect on Mark 10. 35-45 with Canon Michael. We take a break then, returning on 27 October.

## ***Climate Emergency***

In February 2020, General Synod called upon all parts of the Church of England to work to achieve year-on-year reductions in carbon emissions and urgently examine what would be required to reach net zero targets by 2030.

Through our Neighbourhood Plan, the Chapter of York have set a very clear direction of change to take a lead on addressing the climate crisis through the use of appropriate adaptation of our heritage estate and a drive to increase biodiversity across our precinct. The current planning application for the new York Minster Refectory includes the first solar panels in the precinct and seeks to set the high standard required for listed properties to play a role in addressing this crisis.

The greatest threat to the fabric of York Minster today are extreme weather events brought about by climate change. In 2019, City of York Council declared a climate emergency and today, as the Metropolitan Cathedral of the North, we officially recognise that emergency and the urgent need to take coordinated action towards the Net Zero target with our community, the city and national bodies.

## Community Social Action

### ***She Was Walking Home - a call to support a community safety project for women in York!***

A message from Next Door But One CIC:

"Over the early months of 2021, along with the wider community, many of our female creatives and participants have shared & discussed their feelings of safety and experiences of fear & harassment when walking through the city of York alone.

And like many, it has been met with 'what can I do to help?'

Now with ward funding through City of York Council (Guildhall Ward) we are embarking on an audio walk project which will give voice to those stories, emotions and calls for support.

Soon to be accessed through QR codes displayed in buildings, windows and toilets across York city centre, we have produced 4 short audio dramas, created from the real life testimonies of women living, working and studying in York. Not only do these recordings reflect real stories, but give advice on how to be an ally and what support could be put in place in the future, from those who have experienced harassment and abuse first hand. We all have a part to play. A taster of the audio dramas can be found [HERE](#)
