| The Chapter of York proposes to cover the ramp in the Chapter House Yard with anti slip flooring sheets to avoid people slipping on the ramp in bad weather. |
| The ramp is north facing and has a smooth limestone finish. Even with regular cleaning with jeyes fluid in bad weather, within a week, mould and algae build up causing a slip hazard. |
| The anti slip flooring will be cut to size, and fixed with plugs and screws in each corner so it can be removed if needed. In addition, yellow nosings will be added to the steps. |

Chapter House Yard ramp: anti slip flooring sheets

1.1 The Chapter house ramp was built in 2012 with a smooth limestone finish. Every winter we have reports that staff and visitors slip while walking up/down the ramp. The Shop, Stoneyard and glaziers all push valuable materials up and down the ramp which can be tricky when mould starts to build up.
