PUBLIC NOTICE

TAKE NOTICE that the Chapter of the Cathedral Church of:

The Cathedral and Metropolitan Church of St Peter in York

for surface markings in the Chapter House Yard to improve visibility of parking spaces, following the installation of an EV charger.

Summary of the nature of work and its extent (and materials) [or in the case of an object, a short description of it and details of the proposal]

Consent to install an EV charger in the Chapter House Yard was granted in 2019 and this has now been completed.

A further application is now submitted to improve the surface markings in the Yard, in order to make the spaces easily visible and to improve access around vehicles for ease of plugging/unplugging the lead and help protect vehicles from accidental damage.

Details of the proposed surface markings are available online at:

1.0 Background

- 1.1 Parking space markings in chapter house yard are currently non-existent making it very difficult for the Minster Police to find spaces for vehicles.

2.0 Option 1:

- 2.1 The surface is to be cleaned and all moss removed.
- 2.2 The lines to be installed are green thermoplastic to state electric vehicle parking with a white electric vehicle logo installed in each bay. A blowtorch heats the thermoplastic, which will stick the thermoplastic to the ground.
- 2.3 The parking spaces to be made larger leaving enough access around each vehicle. Gov sizes are W2.4m L4.8m & 1.2m Access zones
